GitHub: github.com/MD-NISHAD-AHMAD

Objective

Practical-focused Frontend Developer with hands-on experience building responsive and user-friendly websites using HTML, CSS, and JavaScript. Able to translate UI ideas into clean and structured code while ensuring performance and accessibility. Eager to join a collaborative team where I can contribute to real projects and continue improving my skills.

Technical Skills

HTML5 (Semantic Structure, Forms, Accessibility)
CSS3 (Flexbox, Grid, Media Queries, Animations, Clean UI Design)
JavaScript (DOM Manipulation, ES6+, Fetch API, interactive components)
Git & GitHub, Chrome DevTools, Responsive Design Testing

Projects

Landing Page

Designed an interactive product-style landing page with card layout and clean UI.

Tech: HTML, CSS

Movie Search App

Developed a movie search web app that retrieves movie details using a search input.

Tech: HTML, CSS, JavaScript

Languages

English (Professional), Hindi (Native), Marathi (Conversational)

Education

Shanti Niketan Sr Sec School — 10th (2020)

R.K.D High School — 12th (2022)

Bachelor of Computer Applications — Tilak Maharashtra Vidyapeeth (2025)
